From the Desk of Vice Chancellor

Hon'ble Prof. (Dr.) Shyama Roy
Vice Chancellor

It gives me immense pleasure to extend my warm wishes to all the members of Munger University fraternity on the occasion of the foundation day celebration of the University. I humbly and sincerely congratulate all the partners in the enterprise of nursing the nascent University trying to walk unsteadily like a toddler.

We are all aware that we are carriers of the noble job of providing education to the youth and guide the course of their lives. This job is both sensitive and riddled with tough challenges. It is equally thrilling and fulfilling as we have to shoulder the responsibility of writing the destiny of our state and our nation by shaping the destiny of our youth. We have been handed over a dilapidated institution which we have to renovate and rebuild.

The way ahead is craggy, yet our vision is unblurred and the will is unshakable. We are firm that we will show our determination and water it with our perspiration in order to reap the harvest of excellence. We are bringing out a News Bulletin of our University in order to showcase our humble achievements.

Let us all join in our efforts to work sincerely for the bright future of Munger University.

Thanks.

Vision and Mission

Universities are the factories of learning. The character and real strength of a modern nation or a state is determined by its intellectual prowess and academic vitality. Our ancient Universities Like Nalanda, Vikramashila, Taxila and Udanpuri controlled the destiny of our country in the past.

Keeping this in view, the Government of Bihar created Munger University, Munger on 18 March, 2018 along with other two Universities Purnia and Patliputra. Munger University was created after bifurcating the erstwhile Tilka Manjhi Bhagalpur University, Bhagalpur, taking together colleges falling under five districts of Munger Commissionerary.

Newly created Munger university aims at ensuring regular sessions, clean examination and evaluation system, presence of students in classes, promotion of sports, cultural activities, NSS activities, promotion of research and taking sincere steps to move towards excellence. We will work concertedly to get NAAC accreditation to all colleges under our jurisdiction. We aim at promoting social consciousness, entrepreneurship, rational temper, environment consciousness and a sense of responsibility among our students. We aim at a smooth coordination between all stakeholders-students, teachers and other staff and their Associations, the University officials, Government and HE, Chancellor's office.

Our immediate aim is to start PG course from the coming session, acquisition of land for the University, construction of University building, promotion of professional/ vocational courses and doing groundwork necessary for a newly created University. Our approach to development will be holistic, pragmatic and realistic.

Let us all come together to make this University a centre for the creation of ideas rather than a clash of personalities.

About the University

Seeing is believing. Believing is comprehension. And comprehension becomes reality when it becomes functional. When Chief Minister Nitish Kumar, on August 16, 2016, visualized the concept of Munger University, during one of his development tours, nobody knew it will become a reality within a span of two years. Munger University is a state university and was established through bifurcation of Tilka Manjhi Bhagalpur University, Bhagalpur. It has jurisdiction spreading over five districts: Munger, Lakhisarai, Sheikhpura, Jamui and Khagaria under Munger Division in Bihar. Munger University came into existence on 18th March, 2018 under the Bihar State Universities (Amendment) Act, 2016 (Bihar Act – 1/2017), and is presently functioning from SCIENCE BLOCK of R. D. & D. J. College Munger – 811201, which is situated almost in between ruins of ancient Nalanda and Vikramashila Vishwavidyalaya. Bills Pertaining to the creation of Munger, Purnia and Patliputra University were passed by the State Legislature in 2016, and official Gazette for the same were published subsequently. The formation of the University was notified in March 2018 in accordance with the Government pronouncement in the Gazette. At present, there are 18 constituent colleges, 13 affiliated colleges, 5 single faculty education colleges (Affiliated B. Ed. Colleges) and one affiliated law college in the Munger University. It has been registered under section 22 of the UGC and AIU.

About the Munger

Munger has been an ancient city and always remained politically alive and culturally awakened.

The ancient 'Mudgalpur' or 'Modagiri' was in the beginning a very important city in the kingdom of ANGAs. Both the important Epics – Ramayana and Mahabharata have many references about the importance of Munger.

The Chinese traveler, Hiuen Tsang, makes relevant references regarding Munger and its neighborhood where Buddhist momentries were in abundance.

The different places of national movement, and post – independence era throws fresh light and importance of the city of Munger. Swami Satyanand Saraswati founded the 'Bihar School of Yoga', which was under the guidance of Swami Niranjananand is drawing world-wide attention for its 'yogic research' is the 1st Yoga University in the world.

The added attraction for the students of new Munger University is its cultural value. Besides being the place of ANGAs King, Raja KARN, the religious importance of Munger with its 'uttar-vahini' Ganga ranks only next to Varanasi in U. P. The Kashtarhni Ghat, Chandi Asthan, Fort of Mir Kasim, Khanqah, Sita Kund, Goenka Shivalay, Kharagpur Lake, Bhim Bandh etc. are just few places to note.

वस्तुतः इस महाविद्यालय का इस इलाके के शैक्षणिक विकास में महत्वपूर्ण योगदान रहा है। इसका अतिरिक्त जहाँ स्वर्णिम रहा है, वही इसका भविष्य भी विकासोन्मुख है। असीम संभावनाओं को आत्मसात करते हुए महाविद्यालय विकास के चरम सोपान की ओर अग्रसर है।
